DETAILED ACTION

- Applicant's Amendment filed 8/21/2008 is acknowledged.
- The previous objections to claims 1 and 19 are withdrawn.
- Claims 1 and 19 have been amended.
- Claims 1, 3-19, and 21-29 remain pending.

Claim Objections

1. Claim 18 is objected to because of the following informalities:

For claim 18, line 2, it is believed that the phrase, "method of comprising" should state -- method comprising --.

Appropriate correction is required.

Claim Rejections - 35 USC § 101

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

3. Claims 1, 3-16, and 18 are rejected under 35 U.S.C. 101 because the computer-readable memory medium as defined in the specification on pg. 24, line 25 to pg. 25 line 2 includes transmission media or signals, which is non-statutory, because it states:

"memory media such as magnetic or optical media, e.g., disk or CD-ROM, volatile or non-volatile media such as RAM (e.g. SDRAM, DDR SDRAM, RDRAM,

SRAM, etc.), ROM, etc. as well as transmission media or signals such as electrical, electromagnetic, or digital signals, conveyed via a communication medium such as network and/or a wireless link"

Thus, memory media includes transmission media or signals, which are non-statutory subject matter.

It is suggested that the following sentences be deleted from the specification to overcome this rejection:

"It is noted that various embodiments may further include receiving, sending, or storing instructions and/or data implemented in accordance with the foregoing description upon a carrier medium." (pg. 24, lines 25-27)

"as well as transmission media or signals such as electrical, electromagnetic, or digital signals, conveyed via a communication medium such as network and/or a wireless link." (pg. 24, line 30 to pg. 25, line 2)

Appropriate corrections are required.

Allowable Subject Matter

4. Claims 17, 19, and 21-29 are allowed.
5. Claims 1, 3-16 and 18 would be allowable if appropriate corrections are made as suggested by the 35 USC § 101 rejection above.

Response to Arguments

6. Applicant's arguments, see Remarks, pgs. 8-14, filed 8/21/2008, with respect to claims 1, 3-19, and 21-29 have been fully considered and are persuasive. The rejections have been withdrawn. However, upon further consideration, a new 35 USC § 101 rejection is made. See the 35 USC § 101 rejection above.
